QUALITY POLICY – POL

In drafting and disseminating this Quality, Environmental and Safety Policy, the Management of LARGE COLOURS deems it appropriate to highlight some concepts that are considered fundamental to develop a Quality System consistent with its business objectives:

RESEARCH

Research has been the basis of our work for more than thirty years. Every new challenge is a stimulus towards the discovery of new technologies and the continuous improvement of the quality of products and services offered.

SUSTAINABILITY

Our goal has always been to research and develop products with the least impact on the environment and safe for the user, according to the principles of green chemistry.
Our commitment to environmental stewardship is also reflected in our energy management practices, which rely on renewable sources generated by our own facilities. Our research efforts are dedicated to enhancing resource efficiency through the adoption of clean, low-impact technologies.

CUSTOMER SUPPORT

Customer care is at the center of our company policy. We always try to meet the needs of the market and to support our customers during all phases of sale and products use.

HEALTH, SAFETY, AND TRAINING

The company is committed to promoting a culture of safety and environmental awareness among all personnel. Ongoing training and updates are provided regarding regulatory and chemical aspects, as well as emerging technologies.

We also report the Values that inspire the decisions of the Management and of all collaborators of LARGE COLOURS:

- Legality
- Tradition and connection with the territory
- Economic Efficiency
- Valorization of human resources
- Research and development
- Respect and protection of the environment
- Correctness and transparency
- Sense of responsibility
- Fairness and integrity of relationships with the Public Administration
- Equal opportunities
- Impartiality

In relation to the above, the Menagement undertakes to set annual objectives, define the guidelines for achieving them, analyze the results periodically, assigning the resources necessary for their achievement.
